*"LMPerformance is a proud sponsor of Reme Designs' Reme Camaro for SEMA 2009 in Las Vegas"*

"Reme Designs" has embarked on a journey to create a remodeled Chevy Camaro for SEMA 2009. Mr. Rowland, owner and CEO of Reme Designs, saw this as a perfect opportunity to call in the industry's leading after market product developers and wholesalers. Only companies such as **LMPerformance** were trusted to add an exceptional touch to the "Reme Camaro." Best of all, these are all products that are already or soon to be available to the public. We look forward to unveiling the final product at the show, be ready!
